Kishwer S. Nehal, MD, FACMS, Chair

Invitation from the President

Dear Colleagues,

On behalf of the ACMS Board of Directors, I invite you to join me and your ACMS colleagues at the College's 52nd Annual Meeting in Nashville April 23-26, 2020 at the Gaylord Opryland.

The Scientific Program Committee has created a schedule of sessions that I am confident will expand and deepen your knowledge in the areas of Mohs surgery and reconstruction, patient outcomes, practice management, and much more.

Each year, the time we spend together during the Annual Meeting helps further develop not only our surgical skills and body of knowledge, but also renews our commitment to providing the very best patient care possible. This meeting is one of the few times we have each year to reconnect with colleagues, recharge our minds, and reengage with the important and timely issues facing our practices and our specialty. As we begin to prepare for the first-ever subspecialty board certification exams for micrographic dermatologic surgery, there has never been a more important time than now to showcase how and why Mohs surgery is the gold standard for skin cancer treatment.

In addition to the educational content of the meeting, the Exhibit Hall Grand Opening Networking Reception is the first of many opportunities to connect with colleagues during our time together. I invite you to partake in all that Nashville has to offer during our down time – from the legendary music venues and world class cuisine, to the on-site family friendly water park; there is much to do. Throughout the meeting you will also be able to interact with industry exhibitors and sponsors, learning how the resources, tools, services and information they provide may benefit your practice.

My deepest thanks to Dr. Thuzar Shin, chair of the Scientific Program Committee, for her work leading the development of another outstanding and comprehensive meeting program. Thanks also to Dr. Jerry Brewer and the CME & Education Committee and Dr. Sumaira Aasi and the Board Certification Task Force for their time and contributions. Special thanks are due to Mary Riordan and the entire ACMS staff for their tireless work planning the many details that make the Annual Meeting a seamless and enjoyable event.

I look forward to seeing you in Nashville.

Sincerely,

Elizabeth M. Billingsley, MD, FACMS
2019-20 ACMS President

Invitation from the Program Chair

Dear Colleagues,

I cordially invite you to join me at the 2020 ACMS Annual Meeting in Nashville. The Scientific Program Committee has crafted an assortment of sessions focusing on a broad range of topics. Some highlights include:

- The pre-conference Hand & Nail workshop will provide useful experience to beginner, intermediate and advanced nail surgeons in a small group setting.
- The pre-conference Hands-on Cutaneous Flap Workshop and the Mohs Surgery Histotechnology and Lab Set up Workshop offer fellows-in-training valuable instruction and perspective.
- The popular Morning Mini-Sessions will cover diverse topics such as tumors in skin of color, scar revision, pearls for nail surgery, advice for new-to-practice Mohs surgeons, and much more.
- The meeting will feature outstanding guest panelists and speakers. From Vanderbilt University, Assistant Professor of Medicine of Hematology/Oncology, Dr. Douglas B. Johnson, and Radiation Oncologist, Dr. Kenneth J. Niermann, will address attendees. Dr. Jason G. Newman, Director of Head & Neck Surgery at the University of Pennsylvania will join us, and we welcome back Dr. Stephen J. Kovach, Penn Associate Professor in Plastic Surgery. For our keynote, we are excited to have commentator, performer, producer, best-selling author, and Olympic Gold medalist figure skater, Scott Hamilton.
- Plenary sessions will feature engaging content on a variety of topics, including conversations with masters of Mohs surgery, reconstruction and repair videos, tumor board, slide quality, and multidisciplinary sessions.

Thank you to Dr. Elizabeth Billingsley, the Scientific Program Committee, CME & Education Committee, staff, and others who have contributed so much of their experience and effort toward plan this meeting. I look forward to seeing you in Nashville!

Sincerely,

Thuzar M. Shin, MD, PhD, FACMS
Chair, 2020 Scientific Program Committee

Registration Information

| Fee Schedule | Early Registration: On or before Jan. 31, 12:00 am PST | Regular Registration: Feb. 1- March 23, 12:00 am PST | On-Site Registration: |
|--|---|---|----------------------------------|
| ACMS Life Members | FREE | FREE | Must pre-register |
| ACMS Fellow, Associate and International Affiliate Members; International Affiliate and Associate Applicants | \$800 | \$850 | \$950 |
| Current Fellows-in-Training | \$150 | \$150 | \$200 |
| <i>Physicians must be currently participating in an approved fellowship training program in Micrographic Surgery & Dermatologic Oncology/Mohs Surgery.</i> | | | |
| Dermatology Residents | \$150 | \$150 | \$200 |
| <i>Physicians must be currently participating in an approved residency and must submit a letter of verification indicating the type of program in which they are enrolled from the program chair with their registration form.</i> | | | |
| Non-Member Physicians | \$1,500 | \$1,600 | \$1,700 |
| <i>A letter of sponsorship from an ACMS member must accompany all non-member registration forms.</i> | | | |
| Mohs Surgical Assistants | \$650 | \$700 | \$800 |
| <i>Surgical Assistants employed by an ACMS member may attend scientific sessions, except for the Morning Mini-Sessions. Surgical Assistants must submit a letter of verification from their physician with their registration form.</i> | | | |
| Guests | \$200 | \$250 | Must pre-register |
| <i>This registration is available to guests of a physician who is registered for the meeting. Guest registration includes admittance to the Exhibit Hall, Welcome Reception, and Fellows-in-Training Reception. Guest registration does not permit admittance to any of the scientific sessions. Only registered guests will be allowed in the Exhibit Hall and receptions. No children under the age of 18 are allowed in the Exhibit Hall.</i> | | | |
| Morning Mini-sessions (Breakfast Sessions) | | | \$55 Each |
| <i>All ACMS members, Associate Applicants, current Fellows-in-Training, dermatology residents, medical students and non-member physicians who are registered for the meeting may sign up to attend a Morning Mini-Session. Pre-registration for these sessions is strongly encouraged as the number of seats is limited. Registrants will receive tickets for the Morning Mini-Sessions; each session will have a room monitor who will only admit those who have the correct ticket. Tickets may be purchased at the registration desk until the session is sold out.</i> | | | |
| Digital Diagnostic Quality Control Exam | | | \$50 |
| <i>The Diagnostic Quality Control Exam is entirely online. Instructions for accessing the digital DQC exam will be sent to your email address leading up to the Annual Meeting. Access to the Diagnostic Quality Control Exam is \$50 for ACMS members and free to Fellows-in-Training. Only ACMS members who register for the exam and complete it online will receive a certificate. Certificates are mailed approximately 4-6 weeks after the meeting. CME credit not is offered for taking the digital Diagnostic Quality Control Exam. Participants must supply their own laptop or use a computer in the Business Center to take the exam on-site.</i> | | | |

Those interested in attending the 2020 Annual Meeting may register by visiting www.mohscollege.org/annualmeeting and clicking on the Registration/Hotel tab, or use the tear-out form on the back of this program.

Registration Confirmation Emails

Registrants who mail or fax their registration will receive confirmation via email approximately two to three weeks after their registration and payment is received at the ACMS Office. Those registering for the Annual Meeting online will receive a confirmation almost immediately via email. Please print the forthcoming message (April 2020) that contains a scan-able bar-code and bring it with you to the meeting to help facilitate your registration process and bring it with you to the meeting to help facilitate your registration process.

On-Site Registration

Pre-registration must be received by the ACMS office on or before March 23, 2020. The office will not accept any registrations after March 23 and will require you to register and pay on-site. The Registration Desk will be open at the Gaylord Opryland Resort on the following days and times (subject to change):

Wednesday, April 22: 1:00 – 6:00 pm
 Thursday, April 23: 6:30 am – 5:00 pm
 Friday, April 24: 6:30 am – 5:00 pm
 Saturday, April 25: 6:30 am – 4:00 pm

Cancellations and Refunds

Registration fees, minus a \$200 administration fee, will be refunded upon written notice of cancellation if the request is received at the ACMS Office no later than February 28, 2020. Email info@mohscollege.org or fax (414) 276-2146. Refunds will not be given after that date.

Program at a Glance

| Wednesday, April 22 | |
|----------------------------|--|
| 8:00 am – 5:00 pm | Fellows-in-Training Hands-on Cutaneous Flap Workshop (7.25 Credit Hours) |
| 1:00 – 4:00 pm | Hand & Nail Workshop (3.00 Credit Hours) |
| 1:00 – 6:00 pm | Registration Desk open; Presentation Upload Kiosks available |
| 6:00 – 8:00 pm | Fellows-in-Training Mohs Surgery Histotechnology and Lab Set Up Workshop (2.00 Credit Hours) |
| Thursday, April 23 | |
| 6:30 am – 5:00 pm | Registration Desk open; Presentation Upload Kiosks available |
| 7:00 – 8:15 am | Concurrent Morning Mini-Sessions: <i>103.1 Preventing Complications: An Evidence-Based Approach (1.25 Credit Hours)</i> <i>103.2 Evidence-based Management of Rare Skin Cancers: Mini Tumor Board (1.25 Credit Hours)</i> <i>103.3 Establishing and Maintaining a High-quality and Compliant Mohs Lab (1.25 Credit Hours) ♦</i> <i>103.4 Advice from the Experts for New-to-Practice Mohs Surgeons (1.25 Credit Hours)</i> <i>103.5 Pearls and Pitfalls for Local Flaps: Principles of Design and Execution (1.25 Credit Hours)</i> |
| 8:30 – 9:05 am | Welcome & AAD Update (0.50 Credit Hour) |
| 9:05 – 9:50 am | Literature Review (0.75 Credit Hour) |
| 9:30 am – 7:30 pm | Exhibit Hall open |
| 9:50 – 10:00 am | Break (CME Not offered) |
| 10:00 – 11:00 am | Tromovitch Award Abstract Session (1.00 Credit Hour) |
| 11:00 am – 12:00 pm | Conversations with the Masters: Reconstruction (1.00 Credit Hour) |
| 12:00 – 1:00 pm | Networking Lunch (provided) (CME Not offered) |
| 1:00 – 1:45 pm | Game Changers: Cutting Edge Treatments Relevant to the Mohs Surgeon (0.75 Credit Hour) |
| 1:45 – 2:45 pm | Clinical Pearls Abstract Session (1.00 Credit Hour) |
| 2:45 – 3:00 pm | Break (CME Not offered) |
| 3:00 – 3:45 pm | Videos of Periocular Reconstruction: How to Preserve and Restore the Free Margin (0.75 Credit Hour) ♦ |
| 3:45 – 5:15 pm | American Board of Dermatology Micrographic Dermatologic Surgery Subspecialty Certification: A Primer (1.50 Credit Hours) |
| 5:15 – 5:30 pm | International Service Opportunities for the Mohs Surgeon (0.25 Credit Hour) |
| 5:30 – 7:30 pm | Exhibit Hall Grand Opening & Welcome Reception (CME Not offered) |
| Friday, April 24 | |
| 6:30 am – 5:00 pm | Registration Desk open; Presentation Upload Kiosks available |
| 7:00 – 8:15 am | Concurrent Morning Mini-Sessions: <i>202.1 Scar Revision: How to Restore Contour (1.25 Credit Hours)</i> <i>202.2 Pearls for Nail Surgery (1.25 Credit Hours)</i> <i>202.3 Mohs for Melanoma: Technique, Immunostaining, and Tips for Success (1.25 Credit Hours)</i> <i>202.4 Understanding New Technologies and their Impact on Our Practice (1.25 Credit Hours)</i> <i>202.5 Tumors in Skin of Color: Presentation and Management Considerations (1.25 Credit Hours)</i> |
| 8:30 – 9:15 am | Patient-reported Outcome Measures (0.75 Credit Hour) |
| 9:15 – 10:00 am | Videos of Perioral Reconstruction: How to Preserve Free Margins and Restore Contour (0.75 Credit Hour) ♦ |
| 9:30 am – 6:30 pm | Exhibit Hall open |
| 10:00 – 10:15 am | Break (CME Not offered) |
| 10:15 – 11:00 am | Conversations with the Masters: Management (0.75 Credit Hour) |

♦ Represents advanced expertise level course

Program at a Glance

| Friday, April 24 | |
|---------------------|--|
| 11:00 am – 12:00 pm | (1.00 Credit Hour) Keynote Speaker: Scott Hamilton |
| 12:15 – 2:00 pm | ACMS Annual Business Meeting & Lunch (Non-CME Session) Box lunches are provided in the Business meeting for members. Non-members can retrieve their box lunches in the Exhibit Hall. |
| 2:00 – 2:15 pm | Fellow-in-Training Clinicopathologic Case Competition Award Winner (0.25 Credit Hour) |
| 2:15 – 3:15 pm | Digital Diagnostic Quality Control Exam Review (1.00 Credit Hour) |
| 3:15 – 3:30 pm | Break (CME Not offered) |
| 3:30 – 4:30 pm | Scientific Abstract Session (1.00 Credit Hour) |
| 4:30 – 5:15 pm | Videos of How I Repair Wounds that Need Cartilage (0.75 Credit Hour) ♦ |
| 5:30 – 6:30 pm | Program Directors' Session (Non-CME Session) |
| 6:30 – 8:00 pm | Fellows-in-Training Reception (CME Not offered) |

Special Events

Thursday, April 23

5:30 – 7:30 pm • Exhibit Hall Grand Opening & Welcome Reception

Don't miss this chance to relax and unwind with colleagues. Hors d'oeuvres and beverages will be provided for your enjoyment.

Friday, April 24

12:15 – 2:00 pm • ACMS Annual Business Meeting & Lunch

ACMS members are encouraged to attend the annual membership business meeting and lunch. Box lunches are provided in the Business meeting for members. Non-members can retrieve their box lunches in the Exhibit Hall. The winners of the prestigious Frederic E. Mohs Award and Distinguished Service Award will be announced.

6:30 – 8:00 pm • Reception Introducing Fellows-in-Training

Exclusively for ACMS & ACGME Program Directors and current Fellows-in-Training, this event offers the opportunity to network and socialize with each other and congratulate the Fellows-in-Training on their upcoming graduation. The winner of the Tromovitch Award will be announced and hors d'oeuvres and beverages will be provided.

Sunday, April 26

11:00 am – 12:00 pm • MOC Self-Assessment Session: Office Safety

The ACMS is offering an MOC Self-Assessment, which satisfies a portion of the self-assessment module of Component 2 in Maintenance of Certification with the American Board of Dermatology (ABD). Participants must complete the MOC Credit Form, available in the session on Sunday, and return it to the ACMS Registration Desk. You must also update your ABD MOC tables to reflect the credits available for the session. Note: If you claimed MOC credits for 'MOC: Office Safety' at a previous Regional or Annual Meeting, you cannot claim MOC credits for 'MOC: Office Safety', at the 2020 Annual Meeting.

Digital Diagnostic Quality Control Exam

The Diagnostic Quality Control Exam is entirely online. This allows for more flexibility to review the slides, and allows completion of the exam before, during, and after the meeting. Instructions for accessing the digital DQC exam will be sent via the email address used for registration prior to the Annual Meeting. Access to the Diagnostic Quality Control Exam is \$50 for ACMS members and free to Fellows-in-Training. Only ACMS members who register for the exam and complete it online will receive a certificate. Certificates are mailed approximately 4-6 weeks after the meeting. CME credit is not offered for taking the digital Diagnostic Quality Control Exam. Participants must supply their own laptop or use a computer in the Business Center to take the exam on-site.

Program at a Glance

| Saturday, April 25 | |

CME Information and Learning Objectives

Accreditation Statement

This activity has been planned and implemented in accordance with the Essential Areas and Policies of the Accreditation Council for Continuing Medical Education (ACCME) through the sponsorship of the American College of Mohs Surgery (ACMS). The ACMS is accredited by the ACCME to provide continuing medical education for physicians.

Credit Designation Statement

The ACMS designates this live activity for a maximum of 36.50 *AMA PRA Category 1 Credit(s)*[™]. Physicians should claim only the credit commensurate with the extent of their participation in the activity.

Physician Assistant Credit

The American Academy of Physician Assistants (AAPA) accepts *AMA PRA Category 1 Credit(s)*[™] from organizations accredited by the ACCME. Physician Assistants attending the Annual Meeting can submit certificates or transcripts showing how many physician CME credits were offered for an activity to the AAPA and get them “converted” to PA CME credit. The AAPA also grants and counts *AMA PRA Category 1 Credit(s)*[™], but those are specifically for PAs and have to come from a provider accredited by the AAPA. Both groups label their credits Category 1 CME, but the labels, though they read the same, refer to different evaluations.

Disclosure of Conflicts of Interest

To comply with the ACCME Standards of Commercial Support on the need for disclosure and monitoring of proprietary and financial interests that may affect the scientific integrity and balance of content delivered in continuing medical education activities under our auspices. The ACMS requires that all CME certified activities be developed free from the control of a commercial interest and be balanced, objective, and scientifically rigorous. Anyone with the ability to affect the content of an educational activity must disclose relevant financial relationships with commercial interests producing, marketing, re-selling, or distributing health care goods or services consumed by, or used on, patients. The ACMS will disclose faculty and commercial relationships at the Annual Meeting.

Disclosure of Discussion of Non-FDA Approved Uses for Pharmaceutical Products and/or Medical Devices

The ACMS requires that all faculty presenters identify and disclose any off-label uses for pharmaceutical and medical device products. The ACMS recommends that each physician fully review all the available data on new products or procedures prior to instituting them with patients.

Disclaimer

The views expressed and the techniques presented by the speakers of the ACMS-sponsored educational meetings are not necessarily shared or endorsed by the College. Anyone with the ability to affect the content of an educational activity must disclose relevant financial relationships with commercial interests producing, marketing, reselling, or distributing health care goods or services consumed by, or used on, patients, as well as any unapproved or off-label uses of medical devices or pharmaceutical agents that they discuss, describe, or demonstrate during their presentations. Meeting attendees should use their independent judgment in applying the information discussed in these educational sessions in the treatment of patients.

Learning Objectives

Upon completion of the Annual Meeting, participants will be able to describe the latest advances in the treatment of skin cancer, discuss recent research findings in the area of Mohs micrographic surgery and cutaneous oncology, and explain new techniques in reconstruction that promote optimal surgical outcomes.

Specific learning objectives, upon completion of the ACMS Annual Meeting, include:

- Design and execute Mohs stages and routine and advanced reconstructions of the face, hands, nails, feet and genitalia;
- Describe current recommendations for diagnosis and treatment of melanoma, and Merkel cell cancer;
- Recall the benefits and techniques involved in utilizing immunohistochemistry in the treatment of melanoma and non-melanoma skin cancers;
- Refine reconstruction techniques to improve scars post-Mohs micrographic surgery;
- Identify anatomic landmarks and integrate knowledge of those landmarks into the practice of Mohs micrographic surgery;
- Recognize potential errors in frozen section examination of skin cancers and develop ways to minimize those errors;
- Explain proper billing and coding practices for Mohs and reconstructive surgery;
- Maximize collaboration with medical and surgical colleagues in other disciplines to improve patient outcomes postoperatively;
- Identify elements of the preoperative history that require management preoperatively;
- Review the most recent literature regarding dermatologic surgery and cutaneous oncology;
- Describe recent developments in the management of skin cancer in organ transplant recipients.

Guest Speaker Biographies

Scott Hamilton

The most recognized male figure skating star in the world, Scott captured the attention of the world with his 1984 Olympic Gold medal performances in Sarajevo and since has shared his love and enthusiasm for the sport as an analyst/commentator, performer, producer and best-selling author. He further inspires others as a speaker, humanitarian, and as a cancer and pituitary brain tumor survivor.

After losing his mother to cancer, then becoming a survivor himself, Scott turned activist, launching the Scott Hamilton CARES Foundation (Cancer Alliance for Research, Education and Survivorship). He founded several education and survivorship programs including Chemocare.com and the 4th Angel Mentoring Program.

In what little free time remains, Scott can be found on the golf course and enjoys spending time with his wife Tracie and four children – at their home outside Nashville, Tennessee.

Douglas B. Johnson, MD, MSCI

Douglas Johnson, MD, MSCI received his MD from the University of Alabama School of Medicine and completed internal medicine residency at Duke University before coming to Vanderbilt for hematology/oncology fellowship. He has been on faculty at

Vanderbilt since 2014 as an Assistant Professor of Medicine and is now the director of the melanoma clinical and research program.

Dr. Johnson's research focuses on optimizing and extending the use of novel immune and targeted therapies in melanoma, to identify markers of response and resistance, to understand and more effectively manage the side effects of these new therapies, and to develop new treatment options for melanoma. He is the local and national principal investigator for numerous clinical trials and his research is funded by individual philanthropy, National Cancer Institute, the American Society of Clinical Oncology, the National Comprehensive Cancer Network, and the Melanoma Research Foundation. He also has national leadership positions, including membership in the NCCN Melanoma Guidelines Committee.

Stephen J. Kovach, III, MD

Dr. Kovach is Assistant Professor of Plastic Surgery at the Perelman School of Medicine at the University of Pennsylvania and the Presbyterian Medical Center of Philadelphia, Assistant Professor of Orthopaedic Surgery, Co-Director of Penn Hernia Center, and Member and

Co-director of the Penn Orthoplastic Limb Salvage Center.

He is also an attending surgeon in the Hand Transplantation Program at Children's Hospital of Philadelphia. Combining the expertise of the Penn Transplant Institute and the Hospital's Division of Plastic and Reconstructive Surgery and Division of Orthopedics, the Hand Transplantation program aims to help children who have undergone unilateral or bilateral amputation of arms or hands to regain function

and independence. Hand transplantation, or vascularized composite allotransplantation, is a rare procedure performed by only a few surgical teams around the world.

Prior to joining the University of Pennsylvania faculty, Dr. Kovach completed his undergraduate studies at the University of Pennsylvania and medical school at the George Washington University in Washington, DC. He completed his general surgery training and basic science research fellowship at the University of Rochester Medical Center and is board-certified in General Surgery. Dr. Kovach went on to complete his plastic surgery training at Duke University Medical Center.

Jason G. Newman, MD

Dr. Newman serves as Co-Director of the Cranial Base Center and Director of Head & Neck Surgery at Pennsylvania Hospital, as well as Associate Professor of Otorhinolaryngology: Head and Neck Surgery at the Hospital of the University of Pennsylvania and the Pennsylvania Hospital.

Dr. Newman received his medical degree from Thomas Jefferson University Medical School and completed residencies in otolaryngology at Manhattan Eye, Ear & Throat Hospital, New York Presbyterian Hospital of Columbia and Cornell, and Memorial Sloan Kettering Cancer Center. Following residency, Dr. Newman completed his fellowship in Head and Neck Surgery/Oncology and Microvascular Surgery at the University of Pennsylvania Perelman School of Medicine.

His areas of expertise include head and neck cancer surgery, anterior cranial base surgery and thyroid surgery with special interest in minimally invasive approaches and endoscopic cranial base surgery. His expertise in the treatment of cranial base tumors as well as tumors of the head and neck makes him uniquely qualified to treat patients with these ailments. Dr. Newman also is actively involved in research focused on head and neck cancer clinical trials, injectable cytokines for head and neck cancer, and quality of life for head and neck cancer and cranial base patients.

Kenneth B. Niermann, MD

Dr. Niermann received his medical degree and Master of Science in Clinical Investigation from Vanderbilt University, and did his post-Doctoral Fellowship in Cancer Imaging at the Vanderbilt University Institute of Imaging Science.

As a graduate of the post-doctoral fellowship in cancer imaging at the Vanderbilt University Institute of Imaging Science, Dr. Niermann is currently conducting phase I clinical research for radiosensitizing biologic agents administered concurrently with radiation therapy. His research interests include using novel imaging techniques to quantify treatment response.

Hotel & Travel Information

The 2020 ACMS Annual Meeting will be held at:
The Gaylord Opryland Resort & Convention Center
2800 Opryland Drive, Nashville, TN 37214
(615) 889-1000

www.opryland.com

Reduced nightly base room rate: \$237 for single/double occupancy + 15.25% state and local tax, plus \$2.50 per room per night occupancy fee. This rate will cover several in-room amenities which at the time of check-in will include:

- Resort savings card
- In-room wired and wireless high-speed internet access
- Wireless high-speed internet access in public areas (excluding convention center)
- Fitness Center access
- Designated complimentary in-room beverages
- Scheduled Complex Shuttle Service
- Local and toll free 800 telephone calls
- Exclusive to Marriott Rewards Gold and Platinum Elite Members: access to steam, sauna and locker rooms at Relâche Spa

Hotel check-in time is 4:00 pm and check-out time is 11:00 am.

On-site parking: \$32 daily; Valet: \$40 daily (excludes tax; prices subject to change)

Overflow property across the street at:
The Inn at Opryland, A Gaylord Hotel
2401 Music Valley Drive, Nashville, TN 37214

www.theinnatopryland.com

Call 1-800-901-4211 and mention American College of Mohs Surgery overflow room block to make a reservation by phone. Reduced nightly base room rate: \$206 for single/double occupancy + 15.25% state and local tax, plus \$2.50 per room per night occupancy fee.

Hotel check-in time is 4:00 pm and check-out time is 12:00 pm.

On-site parking: Complimentary

Hotel & Travel Information

Reservations

To receive the discounted rate at either property, you must identify yourself as being with ACMS and must have already registered for the 2020 Annual Meeting. Make your reservations early; reduced group rates are available only through Monday, March 23, 2020 or until sold-out. Reservation requests after the cut-off date will be based on availability at the group rate.

Book Online

Visit www.MohsCollege.org/AnnualMeeting, click on the Registration/Hotel tab, and click the Book Hotel link.

Book by Phone

The Gaylord Opryland Resort & Convention Center: (615) 889-1000

The Inn at Opryland: (615) 889-0800

Ask for "American College of Mohs Surgery Annual Meeting." Be sure you registered for the Annual Meeting and refer to the group and meeting name when registering.

Special Note to the Physically Challenged

The ACMS wishes to ensure that no individual with a disability is excluded, denied services, segregated, or otherwise treated differently than other individuals because of auxiliary aids and/or service(s). If you need an auxiliary aid or service(s) identified in the Americans with Disabilities Act, or any assistance in registering for this meeting, please contact the ACMS Office at info@mohscollege.org or call (414) 347-1103.

Airports

Nashville International Airport (BNA) • 8.3 miles from The Gaylord Opryland Resort & Convention Center

Airport Phone: (615) 275-1600

<https://www.flynashville.com/Pages/default.aspx>

Transportation from Airports

The Gaylord Opryland Resort & Convention Center

- Gaylord Opryland offers daily roundtrip shuttle service from the Nashville International Airport to the hotel. Look for the Gaylord Opryland Welcome Desk on the lower level of the airport between the two escalators. An agent can assist with your travel needs and ticket purchase, or use the kiosk by the welcome desk.

Daily Shuttle Service

- 7:00 am -6:00 pm (departs every 30 minutes)

Departure from Resort

- Departs from Cascades Lobby Canopy, Magnolia Canopy and the Inn at Opryland

Cost

- \$35 per person, roundtrip fare
- Guests 65 and older receive a discounted rate of \$32 for roundtrip fares. Ages 18 and under are complimentary with accompanying adult.

- Estimated taxi fare: \$30 USD (one way)

- Driving directions:

Exit the airport onto Interstate 40 West. Follow Interstate 40 West to exit 215B and merge onto TN-155 North/Briley Parkway. Continue on Briley Parkway to exit 12 for McGavock Pike toward Opryland Hotel/Convention Center/Music Valley Drive. Merge onto McGavock Pike, then turn left at Music Valley Drive towards Opryland Dr. The hotel is on the left.

The Inn at Opryland, A Gaylord Hotel

- Airport shuttle service, available; call (615) 613-8616 for rates and information: \$19 USD (one way) please call (615) 613-8616 for information

- Estimated taxi fare: \$25 USD (one way)

- Driving directions:

Exit the airport onto Interstate 40 West. Follow Interstate 40 West to exit 215B and merge onto TN-155 North/Briley Parkway. Continue on Briley Parkway to exit 12 for McGavock Pike toward Opryland Hotel/Convention Center/Music Valley Drive. Turn left onto McGavock Pike, then take the first right onto Music Valley Drive. The hotel is on the right.

Parking

- Gaylord Opryland On-site parking, \$32 daily; Valet: \$40 daily (excludes tax; prices subject to change)
- Inn at Opryland; Self-parking complimentary

Nashville Weather

During late April: average high of 75°F; average low of 53°F.

Policy on Pets and Service Animals

The Gaylord Opryland Resort & Convention Center, pets not allowed.

The ACMS prohibits pets in any meeting spaces, with the exception of service animals providing Americans with Disabilities Act (ADA) reasonable accommodations for a person with disabilities. According to the ADA, a service animal is defined as "any animal individually trained to work or perform tasks for the benefit of an individual with a disability, including, but not limited to, guiding individuals with impaired vision, alerting individuals to an impending seizure or protecting individuals during one, and alerting individuals who are hearing impaired to intruders, or pulling a wheelchair and fetching dropped items."

Attendees may be asked to provide proof of service animal status and/or licensure. Service animals must wear an owner identification tag (which includes the name and phone number of the owner) at all times. Animals must be on a leash, harness or other type of restraint at all times, unless the owner/partner is unable to retain an animal on leash due to a disability. The owner must be in full control of the animal at all times. The care and supervision of the animal is solely the responsibility of the owner/partner.

Invited Faculty and Guest Speakers

(as of 12/16/19)

Sumaira Z. Aasi, MD, FACMS, Stanford University School of Medicine, Redwood City, CA

Murad Alam, MD, FACMS, Northwestern University/Dermatology, Chicago, IL

Sarah T. Arron, MD, PhD, UCSF, San Francisco, CA

Jennifer D. Bahner, MD, Univ. Hospitals Cleveland Medical Center, Concord Township, OH

Evans C. Bailey, MD, PhD, FACMS, Naaman Clinic, Hoover, AL

Julia O. Baltz, MD, Dermatology Professionals, LLC, East Greenwich, RI

Anna A. Bar, MD, FACMS, Oregon Health & Science University, Portland, OR

Ramona Behshad, MD, Saint Louis University, St. Louis, MO

Christopher K. Bichakjian, MD, FACMS, University of Michigan, Ann Arbor, MI

Elizabeth M. Billingsley, MD, FACMS, Penn State Hershey Medical Center, Hershey, PA

Diana Bolotin, MD, PhD, FACMS, University of Chicago, Chicago, IL

Jeremy S. Bordeaux, MD, MPH, FACMS, University Hospitals Cleveland Medical Center, Shaker Heights, OH

Jerry D. Brewer, MD, MS, FACMS, Mayo Clinic, Rochester, MN

David G. Brodland, MD, FACMS, Zitelli & Brodland, PC, Pittsburgh, PA

Marc D. Brown, MD, FACMS, University of Rochester, Rochester, NY

Mariah R. Brown, MD, FACMS, University of Colorado, Aurora, CO

Laura Burger, MS, HT, University of Pennsylvania Hospital, Philadelphia, PA

David R. Carr, MD, FACMS, OSU Dermatology, Columbus, OH

Bryan T. Carroll, MD, PhD, FACMS, University of Pittsburgh, Pittsburgh, PA

Todd V. Cartee, MD, FACMS, Penn State Milton S. Hershey Med Center

John A. Carucci, MD, PhD, FACMS, New York University Langone Medical Center, New York, NY

Linda Cesario, DPM, HT (ASCP), Advanced Laser and Skin Cancer Center, Teaneck, NJ

Hand & Nail Workshop

Wednesday, April 22
1:00 – 4:00 pm
(3.00 Credit Hours)

Location: The Gaylord Opryland Resort & Convention Center
\$375.00 registration fee; *for ACMS Members only*

Space is limited to 40 registrants and granted on a first-come, first-served basis, with 2 participants per cadaveric hand. Standing room is not permitted.

Directed by Dr. Thomas Knackstedt, this workshop is geared toward all nail surgeons, from beginner and intermediate to advanced levels. It offers small group, hands-on experience practicing a variety of nail surgery techniques. Participants will be instructed on:

- How to avulse the nail in several fashions (partial and complete)
- How to perform multiple different nail procedures (including punch, shave, longitudinal techniques)
- How to treat nail melanoma with en bloc excision of all nail tissues and perform nail flaps (for those with more advanced background)

Approaches to patient assessment, including surgical planning, equipment/suture selection, and anatomical considerations to optimize outcomes will be covered. Anatomy as it relates to safe surgical technique will be stressed. Fresh frozen cadaveric hands that allow for realistic hands-on practice will be utilized.

The premier resource to connect Mohs surgeons and histotechs with career opportunities is right at your fingertips.

Mohs Surgery Career Center

The Mohs Surgery Career Center will allow you to:

Manage Your Career:

- Search and apply for the best jobs at organizations that value your credentials
- Upload your anonymous resume so employers can contact you while maintaining control of your anonymity
- Receive an alert every time a job becomes available that matches your personal profile, skills, interests and preferred location(s)
- Have your resume evaluated by a resume-writing expert
- Access career resources, such as resume-writing tips, interview tips, and industry career information

Recruit for Open Positions:

- Post your jobs, or your institutions' jobs, where the most qualified professionals will find and apply for them
- Manage your posted jobs and applicant activity easily on our user-friendly site
- Email your jobs directly to job seekers via our exclusive Job Flash email
- Search the resume database and contact qualified candidates proactively

ACMS FOUNDATION

Funding Physician and Patient Education in Mohs Surgery

The ACMS Foundation supports:

Research Grants Projects that enhance the College's standing as the leader in skin cancer treatment focusing on areas such as:

- MohsAIQ registry-based research initiatives
- Improving Wisely research initiatives
- Mohs Surgery & Dermatologic Oncology related research
- Education and Lectureships Opportunities for members to take part in innovative educational offerings through ACMS Annual Meetings, workshops and webinars featuring:
 - Lectureships at Annual Meeting
 - Support of visiting professorships at fellowship training programs
 - Cadaver workshops and courses

Travel Awards aimed at mentor-specific requests that provide resources for exceptional educational and service opportunities including:

- Anatomy courses
- Annual Meeting and related workshops
- Support of international travel for education and patient care in Mohs surgery

Patient Education Outreach that brings awareness to the importance of choosing a fellowship-trained Mohs surgeon for best outcomes via:

- Physician-distributed print materials
- Web-based educational resources
- Video development and dissemination

Pre-Conference Workshops – Wednesday, April 22

8:00 am – 5:00 pm

Fellows-in-Training Hands-on Cutaneous Flap Workshop

(7.25 Credit Hours)

\$75.00 registration fee

Workshop directors Drs. Mariah R. Brown, David R. Carr, and Christine H. Weinberger, alongside course faculty, will demonstrate and instruct fellows-in-training on how to perform multiple skin flaps on surgical training models. There will be one faculty member paired with two fellows-in-training for each surgical head. This will be an invaluable experience for fellows-in-training to gain individualized knowledge by working alongside experienced Mohs surgeons. The workshop will take place at The Gaylord Opryland Resort & Convention Center and the registration fee includes breakfast & lunch (for workshop registrants only). Space is limited to 45 ticketed registrants and granted on a first-come, first served basis. Standing room is not permitted.

Directors: Mariah R. Brown, MD, FACMS; David R. Carr, MD, FACMS; Christine H. Weinberger, MD, FACMS

Faculty: Ramona Behshad, MD; Matthew C. Fox, MD, FACMS; Nicholas J. Golda, MD, FACMS; Irèn Kossintseva, MD, FRCPC; Joy H. Kunishige, MD, FACMS; Franki Lambert Smith, MD, FACMS; Brad Merritt, MD, FACMS; Misha D. 6:00 – 8:00 pm

Fellows-in-Training Mohs Surgery Histotechnology & Lab Set up Workshop

(2.00 Credit Hours)

\$75.00 registration fee

A high quality microscopic slide is critical for complete diagnostic interpretation, resulting in optimal patient care. This workshop will cover grossing/mapping, embedding, hands-on cryosectioning and routine staining. How does the surgical component affect the laboratory outcome? We will also discuss lab set up, including the CLIA application process. Space is limited to 35 registrants and granted on a first-come, first served basis. Standing room is not permitted.

Director: Linda Cesario, DPM, HT (ASCP)

Faculty: Daniel H. Gong, MS, MSO, C-PM

◆ Represents advanced expertise level course

Scientific Program – Thursday, April 23

7:00 – 8:15 am

Concurrent Morning Mini-Sessions

103.1 Preventing Complications: An evidence-based approach

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Apply a rational approach to minimize post-operative bleeding and infection;
- 2) Apply judicious approaches to post-operative pain management in the setting of the current opioid crisis;
- 3) Select pre-, intra-, and post-operative modifications appropriate for the setting of pregnancy and lactation.

Jennifer D. Bahner, MD; Justin J. Leitenberger, MD, FACMS; Elise Ng, MD; Seaver Soon, MD

103.2 Evidence-based Management of Rare Skin Cancers: Mini tumor board

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Describe the clinical and histological features of rare skin cancers;
- 2) Discuss current treatment and management options of unusual skin tumors;
- 3) Discuss some challenges or controversies regarding rare cutaneous malignancies.

Murad Alam, MD, FACMS; Kelly Harms, MD, PhD, FACMS; Nathalie C. Zeitouni, MD, FACMS

103.3 Establishing and Maintaining a High-quality and Compliant Mohs Lab

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Explain the audit processes of CLIA, CAP, and Joint Commission certifications;
- 2) Evaluate the qualifications and skills of potential new hires for Mohs lab staffing;
- 3) Develop daily procedures to optimize communication and collaboration between physicians and laboratory technicians.

Bryan T. Carroll, MD, PhD, FACMS; Laura Burger, MS, HT

103.4 Advice from the Experts for New-to-Practice Mohs Surgeons

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Recall advice and pearls from experienced academic and private practice Mohs surgeons, including what they do differently in Mohs and reconstruction, in their cosmetic practice, in their business and personal lives, and as leaders.

Anna A. Bar, MD, FACMS; Christopher B. Harmon, MD, FACMS; Brian C. Leach, MD, FACMS; Mary E. Maloney, MD, FACMS

103.5 Pearls and Pitfalls for Local Flaps: Principles of Design and Execution

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Recognize that while there may not be a single 'best closure' for any given defect, certain flap types may be preferable to others;
- 2) Describe basic biomechanical elements of the different local flap types;
- 3) Consider critical components of flap design and execution that allow for consistency in preservation of function and pleasing cosmetic outcomes.

Sarah T. Arron, MD, PhD; Mariah R. Brown, MD, FACMS; Nicholas J. Golda, MD, FACMS; Juan-Carlos Martinez, MD, FACMS

8:30 – 9:05 am

Welcome & AAD Update

(0.50 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Identify the activities of the ACMS and its many committees;
- 2) Recognize the AAD's strategic focus and some of the activities in place to advance it;
- 3) Recognize the challenges and opportunities that the ACMS and AAD will face in the coming year.

Elizabeth M. Billingsley, MD, FACMS, ACMS President; Thuzar M. Shin, MD, PhD, FACMS, Scientific Program Chair; Bruce H. Thiers, MD, AAD President-Elect

◆ Represents advanced expertise level course

Scientific Program – Thursday, April 23

9:05 – 9:50 am

Literature Review

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Identify key articles regarding reconstruction, dermatologic surgery, and cutaneous oncology from the past year;
- 2) Evaluate the relevance of these articles to current practices in reconstruction, dermatologic surgery, and cutaneous oncology;
- 3) Apply new information from these articles to optimize and improve patient care.

Moderators: Jeremy Etzkorn, MD, FACMS; Ian A. Maher, MD, FACMS; Desiree Ratner, MD, FACMS

9:30 am – 7:30 pm

Exhibit Hall Open

9:50 – 10:00 am

Break

(CME Not offered)

10:00 – 11:00 am

Tromovitch Award Abstract Session

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Identify recent advances in cutaneous oncology and pathology;
- 2) Recognize the current state of the practice of Mohs surgery;
- 3) Recall young investigators' research and scholarly activities.

Moderators: Justin J. Leitenberger, MD, FACMS (Tromovitch Award Committee Chair); Evan P. Stiegel, MD (2019 Tromovitch Award Abstract Winner)

11:00 am – 12:00 pm

Conversations With the Masters: Reconstruction

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Appreciate how reconstructive techniques evolve over time to maximize aesthetic results and minimize risks for complications;
- 2) Analyze a defect and appreciate that multiple closure options would work.

Moderators: Thomas E. Rohrer, MD, FACMS; Christine H. Weinberger, MD, FACMS

Speakers: Joel Cook, MD, FACMS; Leonard M. Dzubow, MD, FACMS; Naomi Lawrence, MD, FACMS; John A. Zitelli, MD, FACMS

12:00 – 1:00 pm

Networking Lunch (provided)

(CME Not Offered)

Enjoy lunch and the time to network with your colleagues!

1:00 – 1:45 pm

Game Changers: Cutting Edge Treatments Relevant to the Mohs Surgeon

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Discuss the current indication, administration, adverse reactions and challenges with the use of TVEC;
- 2) Review new topical and systematic treatments and clinical trials for BCC.
- 3) Describe new clinical trials utilizing immunotherapy to treat SCC.

Moderators: Michael R. Migden, MD, FACMS; Abigail H. Waldman, MD; Nathalie C. Zeitouni, MD, FACMS

1:45 – 2:45 pm

Clinical Pearls Abstract Session

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to identify new research developments in Mohs surgery and oncology.

Moderators: Divya Srivastava, MD, FACMS; Siegrid S. Yu, MD, FACMS

2:45 – 3:00 pm

Break

(CME Not offered)

3:00 – 3:45 pm

Videos of Periocular Reconstruction: How to Preserve and Restore the Free Margin ♦

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Develop reproducible strategies for minimization of eyelid displacement and scarring;
- 2) Describe methods of flap and graft design and execution that enhance tissue delivery and vascular perfusion;
- 3) Detect key anatomic landmarks and dissection planes for pedicled and interpolation flaps of the eyelid as well as revision surgeries.

Moderators: Ann G. Neff, MD, FACMS; Joseph F. Sobanko, MD, FACMS; Jeremy S. Bordeaux, MD, MPH, FACMS

♦ Represents advanced expertise level course

Scientific Program – Thursday, April 23

3:45 – 5:15 pm

American Board of Dermatology Micrographic Dermatologic Surgery Subspecialty Certification: A primer

(1.50 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Identify the key subject matter of the Micrographic Dermatologic Surgery Subspecialty Certification Exam;
- 2) Prepare for the type of questions offered in a board examination;
- 3) Determine individual areas where literature updates and review would be useful.

Moderator: Sumaira Z. Aasi, MD, FACMS

5:15 – 5:30 pm

International Service Opportunities for the Mohs Surgeon

(0.25 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Describe the how the skillset of the Mohs surgeon can fill international medical service needs;
- 2) Define practice and knowledge gaps related to volunteering abroad;
- 3) Identify specific international volunteer opportunities for Mohs surgeons.

Moderators: Murad Alam, MD, FACMS; Hayes B. Gladstone, MD, FACMS; Vishal A. Patel, MD, FACMS; John M. Strasswimmer, MD, PhD, FACMS

5:30 – 7:30 pm

Exhibit Hall Grand Opening & Welcome Reception

(CME Not offered)

◆ *Represents advanced expertise level course*

Scientific Program – Friday, April 24

7:00 – 8:15 am

Concurrent Morning Mini-Sessions

202.1 Scar Revision: How to Restore Contour

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Appropriately elevate and debulk flaps;
- 2) Address and correct post-surgical webbing;
- 3) Utilize tenting and tacking sutures to enhance surgical outcomes.

John A. Carucci, MD, PhD, FACMS; Laurin Council, MD, FACMS; Mac Machan, MD, FACMS

202.2 Pearls for Nail Surgery

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Identify the anatomy of the nail unit and different reconstructive options after nail surgery;
- 2) Describe the basic principles of prepping the nail for a procedure, obtaining adequate anesthesia, and establishing a bloodless field with the use of different tourniquet devices;
- 3) Recall the techniques and indications for different nail biopsies including punch biopsy of the nail unit, tangential matrix shave biopsy, and lateral longitudinal biopsy;
- 4) Describe the tissue grossing and technique for Mohs surgery of the nail unit, as well as the indications for and outcomes from en bloc surgery of the nail unit.

Julia O. Baltz, MD; Todd V. Cartee, MD, FACMS; Brienne Cressey, MD, MBA

202.3 Mohs for Melanoma: Technique, Immunostaining, and Tips for Success

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Recall the benefits of Mohs micrographic surgery for melanoma;
- 2) Describe the importance of immunohistochemical staining in the setting of Mohs micrographic surgery for melanoma;
- 3) Define the difference between Mohs and slow Mohs, and distinguish the differences in cure rates and survival in patients with melanoma treated with excision vs Mohs.

Jerry D. Brewer, MD, MS, FACMS; Kelly M. MacArthur, MD; Christopher J. Miller, MD, FACMS

202.4 Understanding New Technologies and their Impact on Our Practice

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Outline various technologies to improve detection and outcomes prediction in skin cancer, such as non-invasive imaging, digital photography, gene expression profiling, artificial intelligence;
- 2) Describe how these technologies augment management of skin cancer;
- 3) Discuss the limitations and pitfalls of the technology.

Sarah T. Arron, MD, PhD; Anthony Rossi, MD, FACMS; Emily Ruiz, MD, MPH

202.5 Tumors in Skin of Color: Presentation and Management Considerations

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Define specific ethnic groups within the patient population described as “skin of color” by the Skin of Color Society;
- 2) Identify specific tumor characteristics most prevalent in different populations of skin of color;
- 3) Contrast the clinical presentation of different tumors in skin of color.

Eduardo Moioli, MD, PhD; Divya Srivastava, MD, FACMS; Carl V. Washington, Jr., MD, FACMS

8:30 – 9:15 am

Patient-reported Outcome Measures

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Identify the current state of American healthcare policy and the increasing emphasis on quality and value in dermatologic surgery;
- 2) Summarize the relevant outcomes and patient-reported outcome measures (PROMs) used to judge the success of dermatologic surgery procedures;
- 3) Describe the development and validation of a PROM and the evolving impact of PROMs on the practice of Mohs surgery.

Moderators: Erica H. Lee, MD, FACMS; Ian A. Maher, MD, FACMS; Joseph F. Sobanko, MD, FACMS

◆ Represents advanced expertise level course

Scientific Program – Friday, April 24

9:15 – 10:00 am

Videos of Perioral Reconstruction: How to Preserve Free Margins and Restore Contour ♦

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Execute both straightforward and complex lip repairs with confidence following step-by-step video direction;
- 2) Employ pearls to optimize flap outcomes and post-operative expectations;
- 3) Manage and avoid common pitfalls when performing advanced peri-oral reconstruction.

Moderators: Anna A. Bar, MD, FACMS; Irèn Kossintseva, MD, FRCP; Justin J. Leitenberger, MD, FACMS; Molly C. Powers, MD

10:00 – 10:15 am

Break

(CME Not offered)

9:30 am – 6:30 pm

Exhibit Hall Open

10:15 – 11:00 am

Conversations With the Masters: Management

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Gain insights into the multidisciplinary management of patients with complex cutaneous tumors;
- 2) Recall the use of tumor staging with histology and imaging to guide the treatment of high risk skin cancer;
- 3) Describe use of adjuvant and neoadjuvant modalities such as radiation and immunotherapy in high risk cutaneous tumors.

Moderators: John A. Carucci, MD, PhD, FACMS; Mariah R. Brown, MD, FACMS

Speakers: Marc D. Brown, MD, FACMS; Jonathan L. Cook, MD, FACMS; Allison T. Vidimos, MD, RPh, FACMS; Carl V. Washington, Jr., MD, FACMS

11:00 am – 12:00 pm

Keynote: Scott Hamilton

12:15 – 2:00 pm

ACMS Annual Business Meeting & Lunch

(Non-CME session)

ACMS members are encouraged to attend the annual membership Business Meeting and lunch. This important meeting brings members up to date on issues of significance. The winners of the prestigious Frederic E. Mohs Award and Distinguished Service Award will be recognized.

2:00 – 2:15 pm

Fellow-in-Training Clinicopathologic Case Competition Award Winner

(0.25 Credit Hour)

At the conclusion of this session, participants should be able to recall an uncommon or rare pathology that illustrates prototypical diagnostic challenges and keys to diagnosis or tumor detection.

Moderator: Allison T. Vidimos, MD, RPh, FACMS

2020 Winner: To be announced

2:15 – 3:15 pm

Digital Diagnostic Quality Control Exam Review

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Recognize the false positives and false negatives in Mohs histopathology sections;
- 2) Improve dermatopathology skills to help distinguish benign findings from malignant processes;
- 3) Recognize errors in frozen-section tissue processing.

Moderator: Bryan T. Carroll, MD, PhD, FACMS

Speakers: Diana Bolotin, MD, PhD, FACMS; Alison B. Durham, MD, FACMS; Matthew C. Fox, MD, FACMS; Thomas J. Knackstedt, MD; Divya Srivastava, MD, FACMS

3:15 – 3:30 pm

Break

(CME Not offered)

3:30 – 4:30 pm

Scientific Abstract Session

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to identify new research developments in Mohs surgery and oncology.

Moderators: Daniel B. Eisen, MD, FACMS; Kishwer S. Nehal, MD, FACMS

♦ Represents advanced expertise level course

Scientific Program – Friday, April 24

4:30 – 5:15 pm

Videos of How I Repair Wounds that Need Cartilage ♦

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Assess and identify wounds that may benefit from cartilage grafting for improved outcomes;
- 2) Plan and implement cartilage grafts for reconstruction of facial wounds;
- 3) Identify and avoid common pitfalls associated with cartilage grafting.

Moderators: S. Tyler Hollmig, MD, FACMS; Todd E. Holmes, MD, FACMS; Tri H. Nguyen, MD, FACMS

5:30 – 6:30 pm

Program Directors' Session

(Non-CME session)

6:30 – 8:00 pm

Fellows-in-Training Reception

Scientific Program – Saturday, April 25

7:00 – 8:15 am

Concurrent Morning Mini-Sessions

302.1 Secrets to Successful Interpolation Flaps ♦

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Design and implement one- and two-stage interpolation flaps for nasal reconstruction;
- 2) Describe modifications and techniques to improve cosmetic and functional outcomes of staged reconstructions for nasal wounds;
- 3) Identify and avoid common pitfalls with staged surgical reconstructions of the nose;
- 4) List and describe interpolation flaps for non-nasal structures.

David G. Brodland, MD, FACMS; Jonathan L. Cook, MD, FACMS; Todd E. Holmes, MD, FACMS

302.2 IHC for Keratinocyte Cancers and Rare Tumors

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Recall limitations of cytokeratin stains for squamous cell carcinoma;
- 2) Distinguish proper situations to use cytokeratin stains for keratinocyte carcinoma;
- 3) Recognize how to troubleshoot cytokeratin stains.

Evans C. Bailey, MD, PhD, FACMS; Ali Hendi, MD, FACMS; Harold W. Higgins, II, MD, MBE

302.3 Scar Revision: How to Restore Free Margins ♦

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Identify risk factors for free margin distortion of the eyelid and ala;
- 2) Design repairs that prevent free margin distortion;
- 3) Develop strategy to revise free margin distortion.

Jeremy S. Bordeaux, MD, MPH, FACMS; S. Tyler Hollmig, MD, FACMS; Tri H. Nguyen, MD, FACMS

302.4 Thrive: Practical tips to keep the Mohs surgeon's mind, body, and spirit in harmony

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Identify and acknowledge major drivers of Mohs surgeons' wellness and burnout;
- 2) Develop strategies to improve your daily ergonomics to prevent injuries;
- 3) Describe the benefits to mindfulness and strategies to stay in the moment despite a busy schedule;
- 4) Identify barriers to experiencing professional joy and strategies to overcome them.

Matthew C. Fox, MD, FACMS; Charlene Lam, MD, MPH, FACMS; Suzanne Olbricht, MD, FACMS; William G. Stebbins, MD, FACMS

302.5 Beyond the Scalpel: Non-surgical Management of Keratinocyte Carcinoma

(1.25 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Describe strategies to optimize photodynamic therapy for appropriate cases of SCC in situ and superficial BCC;
- 2) Describe the various uses of intralesional therapy for keratinocyte carcinomas and better determine lesions appropriate for treatment.
- 3) Describe uses of immunotherapy for keratinocyte carcinomas from the cutaneous oncology perspective.

Sean R. Christensen, MD, PhD, FACMS; Cerrene N. Giordano, MD; Michael R. Migden, MD, FACMS

MULTIDISCIPLINARY SESSION: FOCUS ON SPECIALTY SITES

8:30 – 9:15 am

Mohs Surgery in Challenging Specialty Sites ♦

(0.75 Credit Hours)

At the conclusion of this session, participants should be able to:

- 1) Determine strategies to improve access for surgery in difficult-to-reach anatomic locations;
- 2) Plan effective methods for gross sectioning of Mohs layers with challenging anatomy;
- 3) Describe anatomy and histology of special sites.

Moderators: Ali Hendi, MD, FACMS; Christopher J. Miller, MD, FACMS

♦ Represents advanced expertise level course

Scientific Program – Saturday, April 25

9:30 am – 4:00 pm

Exhibit Hall Open

9:15 – 10:00 am

Approach to Reconstruction of Challenging Mohs Defects in Specialty Sites ♦

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Assess wounds for characteristics associated with a high risk for complications from reconstruction;
- 2) Select Mohs defects that benefit from interdisciplinary care with reconstructions beyond the range of local anesthesia;
- 3) Predict when interdisciplinary care is required and arrange a surgical team prior to Mohs surgery.

Moderator: Christopher J. Miller, MD, FACMS

Guest Speaker: Stephen J. Kovach, III, MD

10:00 – 10:15 am

Break

(CME Not offered)

10:15 – 10:45 am

Working with Your Histotech to Optimize Tissue Processing and Quality Control Processes to Reduce Errors

(0.50 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Cite common mistakes in tissue processing and quality control that can lead to error;
- 2) Identify ways to improve communication and partner with your histotech for optimal histology outcomes;
- 3) Describe novel techniques for optimizing Mohs tissue processing quality for challenging specimens.

Moderator: Ashley Wysong, MD, MS, FACMS

Speakers: Matt Poltack; Adam V. Sutton, MD, MBA

10:45 – 11:15 am

Establishing a Standard for Slide Quality

(0.50 Credit Hour)

Moderators: Douglas Fife, MD, FACMS; Anthony Rossi, MD, FACMS

11:15 – 12:00 pm

Challenges in Frozen Section Interpretation ♦

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Distinguish benign incidental histopathologic findings from presence of malignant aggregates in Mohs frozen sections;
- 2) Decide when Mohs sections need immunoperoxidase staining and or paraffin processing to determine if malignant tumor cells are present or not;
- 3) Recognize processing and cutting artifacts on Mohs frozen sections and know how to correct them.

Sumaira Z. Aasi, MD, FACMS; Frederick S. Fish, III, MD, FACMS; Eva D. Hurst, MD, FACMS

12:00 – 1:00 pm

Lunch in the Exhibit Hall

(CME Not offered)

MULTIDISCIPLINARY SESSION: FOCUS ON THE CHEEK

1:00 – 1:15 pm

Facial Nerve Anatomy Relevant to the Mohs Surgeon ♦

(0.25 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Identify the 3-dimensional location of the facial nerve relative to anatomic landmarks;
- 2) Anticipate complications of possible facial nerve injury during Mohs surgery;
- 3) Apply new information from this session to improve patient care and peri-operative counseling.

Moderator: Jeremy Etzkorn, MD, FACMS

1:15 – 1:45 pm

How I Manage Deeply Invasive Tumors and the Regional Lymph Node Basin ♦

(0.50 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Identify key principles to the management of high-risk and deeply invasive head and neck cutaneous tumors;
- 2) Identify cases that would benefit from multi-disciplinary surgical care;
- 3) Improve collaborative surgical management of high-risk head and neck cutaneous tumors.

Moderator: Jeremy Etzkorn, MD, FACMS

Guest Speaker: Jason G. Newman, MD

♦ Represents advanced expertise level course

Scientific Program – Saturday, April 25

1:45 – 2:30 pm

Tumor Board Case and Discussion

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Describe how to identify and evaluate high risk cutaneous tumors;
- 2) Identify the multidisciplinary care needed for complex tumors;
- 3) Define the role of non-surgical treatments for complex cutaneous tumors.

Moderators: Christopher K. Bichakjian, MD, FACMS; Allison M. Hanlon, MD, PhD, FACMS

Guest Panelists: Jason G. Newman, MD; Douglas B. Johnson, MD, MSCI; Kenneth J. Niermann, MD

2:30 – 3:15 pm

How Would You Reconstruct this Cheek Defect?

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Recognize and utilize appropriate tissue reservoirs for reconstruction of complex cheek defects;
- 2) Utilize anatomic structures to improve cheek repairs;
- 3) Distinguish regions of the cheek in the approach to surgical reconstruction.

Moderators: Glenn D. Goldman, MD, FACMS; Nathaniel J. Jellinek, MD, FACMS

Speakers: Melissa Pugliano-Mauro, MD, FACMS; Paul J. M. Salmon, MD, FACMS; J. Michael Wentzell, MD, FACMS

3:15 – 3:30 pm

Break

(CME Not offered)

3:30 – 4:30 pm

Rapid Pearls Abstract Session

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to recall anecdotal pearls in Mohs surgery technique, frozen section pathology, reconstructive surgery, and practice management.

Moderators: Andrew J. Kaufman, MD, FACP, FACMS; Thomas E. Rohrer, MD, FACMS

4:30 – 5:15 pm

Performance Measures in Mohs Surgery

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Describe the evolution of the concept of quality and value in dermatologic surgery;
- 2) Comprehend the current state and future directions of data collection and quality measurement in Mohs surgery;
- 3) Describe the critical need for data registries to define and improve our specialty.

Moderators: Ian A. Maher, MD, FACMS; Howard W. Rogers, MD, PhD, FACMS; Marta J. VanBeek, MD, MPH, FACMS

MohsAIQ

ACMS American College of Mohs Surgery
The Mohs Surgery Registry
Advancing & Improving Quality

Watch the MohsAIQ Quick Start Webinar

Are you enrolled in MohsAIQ or considering enrolling? Concerned about the time commitment or looking to make Mohs surgery data entry more efficient? Dr. Howard Rogers, Chair of the National Registry and Outcomes Committee, highlights MohsAIQ in this 30-minute webinar.

Topics covered include data sheets and tools to allow data entry by staff, maximizing efficiency, ensuring data completeness, and more. **Watch at www.mohscollege.org/registry**

ABOUT: MohsAIQ, pronounced 'mosaic'—Mohs Advancing and Improving Quality—is the national data registry of the ACMS. It will provide meaningful data about patients and physician performance in order to improve outcomes and maximize results under new payment models.

◆ Represents advanced expertise level course

Scientific Program – Sunday, April 26

8:30 – 9:30 am

Update on Reimbursement and Case-based Coding

(1.00 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Update your coding practices based on new code definitions and trends in carrier policies;
- 2) Utilize your EMR to ensure proper documentation for payment for Mohs surgery and reconstruction;
- 3) Code for complex cases with accuracy, integrity and success.

Moderators: Glenn D. Goldman, MD, FACMS; Howard W. Rogers, MD, PhD, FACMS

9:30 – 10:15 am

Thought-provoking Topics in Mohs Surgery

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Identify factors that are leading to consolidation of Dermatology and Mohs surgery practices;
- 2) Assess the impact of private equity backed practices in the Dermatology and Mohs surgery space;
- 3) Determine the role of mid-level providers and their utilization in a Mohs surgery practice.

Moderators: Anna S. Clayton, MD, FACMS; Michel A. McDonald, MD, FACMS

Speakers: Ramona Behshad, MD; Christopher B. Harmon, MD, FACMS; Sailesh Konda, MD, FACMS

10:15 – 11:00 am

How to Repair Multiple Subunit Defects on the Nose: A Step-by-Step Video Approach ♦

(0.75 Credit Hour)

At the conclusion of this session, participants should be able to:

- 1) Evaluate complex, multi-subunit defects on the nose;
- 2) Define characteristics of defects that will require structural support and/or multi-staged reconstruction for the nose;
- 3) Differentiate reconstructive options and watch step-by-step videos for a variety of complex multi-subunit nasal wounds.

Moderators: Rajiv I. Nijhawan, MD, FACMS; J. Michael Wentzell, MD, FACMS; Ashley Wysong, MD, MS, FACMS

11:00 am – 12:00 pm

MOC Self-Assessment: Office Safety

(Non-CME session)

At the conclusion of this session, participants should be able to:

- 1) Assess and understand the key areas of how office-based safety pertains to the practice of dermatology;
- 2) Integrate and apply the concepts of office-based safety to improve office efficiency, safety, and satisfaction in the workplace of a dermatologic surgery practice;
- 3) Distinguish the most common as well as the most detrimental office-based safety issues pertaining to procedural dermatology.

Moderators: Jesse M. Lewin, MD; Vineet Mishra, MD, FACMS

12:00 pm

Meeting adjourns

♦ Represents advanced expertise level course

Exhibitors

(as of 12/18/19)

You are encouraged to visit the technical exhibits during the ACMS Annual Meeting. A variety of companies of interest to Mohs surgeons will be displaying their products, equipment, and services. Please be sure to visit the exhibit hall to learn about their quality offerings. A complete list of exhibitors, product descriptions, and a locator map will be included in the Annual Meeting mobile app and in the Final Program.

Exhibit Hall Hours:

Thursday, April 23 9:30 am – 7:30 pm
Friday, April 24 9:30 am – 6:30 pm
Saturday, April 25 9:30 am – 4:00 pm

View full exhibitor descriptions and additional contact information on the Sponsors & Exhibitors tab at www.mohscollege.org/annualmeeting.

Thursday, April 23 12:00 - 1:00 pm

Product Theater

Location: Presidential Chamber B

Title: Come discover a systemic treatment option for patients with advanced Cutaneous Squamous Cell Carcinoma (CSCC)

Description: Cutaneous squamous cell carcinoma (CSCC) is one of the most common cancers worldwide and continues to increase in incidence. Advanced CSCC can be particularly aggressive and has historically had limited treatment options. Come learn about the mechanism of action, clinical efficacy and safety data, patient eligibility, and dosage and administration of an FDA approved treatment option for appropriate patients suffering from advanced CSCC.

ACMS Registration Form

REGISTER ONLINE WITH A CREDIT CARD!

Go to: <https://www.mohscollege.org/education/annual-meeting/2020-annual-meeting/registration-hotel>

Early Registration Deadline: January 31, 2020 @ 11:59 pm PST

This form not valid if received after March 23, 2020.

Please print clearly. A separate form must be completed for each registrant

Name _____

Address _____

City _____ State/Region _____ ZIP Code _____ Country _____

Phone _____ Fax _____

Email _____

Indicate how you would like your first name to appear on your badge:

SPECIAL ACCOMMODATIONS

Yes, I (the registrant) require an auxiliary aid or service identified in the Americans with Disabilities Act.

Explain: _____

If you have a religious or food allergy-related dietary need, please check the appropriate box below. Vegetarian options will be available at all functions. Please do not include food preferences.

Yes, I (the registrant) require specially-prepared food at group functions: Kosher Halal Food Allergy/Other

Other: _____
